

HEALTH & SAFETY POLICY STATEMENT

Mapeley is a market leading Outsourced Property and Services Provider. It is clearly recognised within our Business that the Health, Safety and welfare of our employees, customers and contractors is critical to our continued success.

Mapeley will operate a systematic approach to the identification of hazards and the management of risk within its Operations and assigns responsibility throughout the management chain for its implementation.

Mapeley, through our management systems, will ensure statutory conformance is to at least a minimum standard and our continual improvement programme aligned to health and safety objectives will maintain us at the forefront of Health and Safety management.

Mapeley will consult its employees on matters of Health and Safety and provide its people with appropriate training to ensure that they can undertake their responsibilities in a safe and efficient manner.

Senior management recognises that accidents and ill health are undesirable effects of management failure and Mapeley shall make every attempt through its risk management systems to eliminate all such occurrences from its Operations.

The Senior Executive responsible for Health and Safety will, through the Health and Safety Manager, review this Policy as part of our management review process and provide a written report on Health and Safety performance to the Board of Directors. Changes made to the Policy will be communicated to all employees.
